*Mercedes-Benz hazardous substances and  
dangerous goods management system*

## Short guide

Edition 1.0

**STATUS: 16. August 2023**

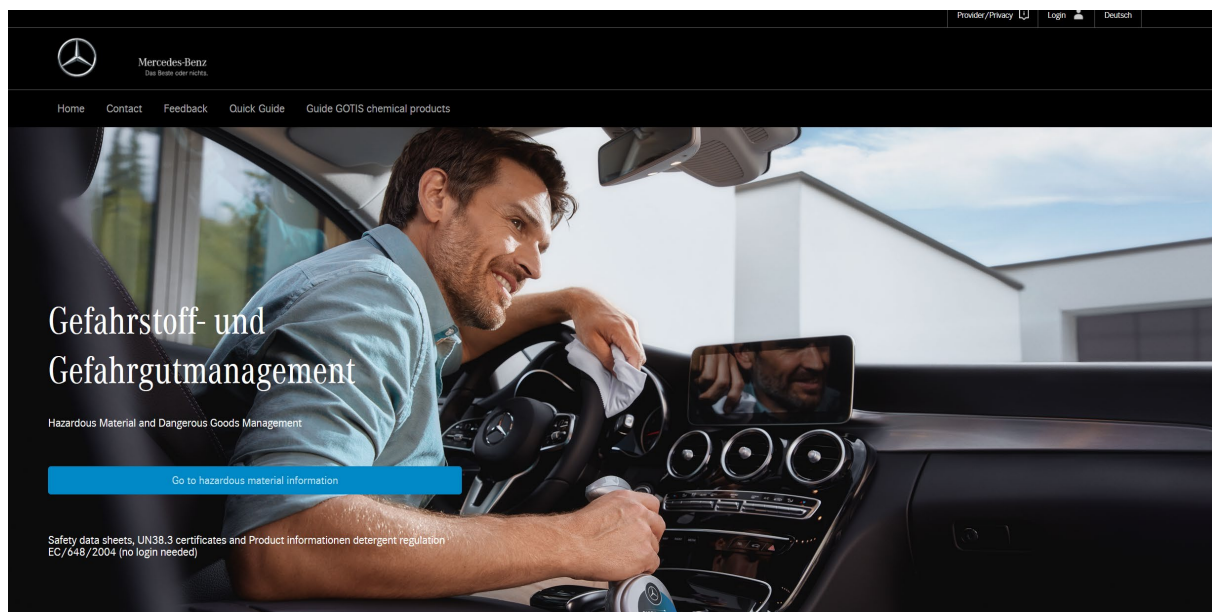

© **eska** Ingenieurgesellschaft mbH, Hamburg 2023

Neue Große Bergstraße 20 22767 Hamburg-Altona Tel.: 040/306817-0 Fax: 040/306817-99  
Amtsgericht Hamburg HRB 93822 Geschäftsführer: Dipl.-Ing. Joachim Boenisch, Christoph Henke, Nils Jattkowski  
e-mail: [service@eska.eu](mailto:service@eska.eu) [www.eska.eu](http://www.eska.eu)

The Mercedes-Benz hazardous substances and dangerous goods management system (GMS) is available from:

<https://gms.aftersales.mercedes-benz.com/>

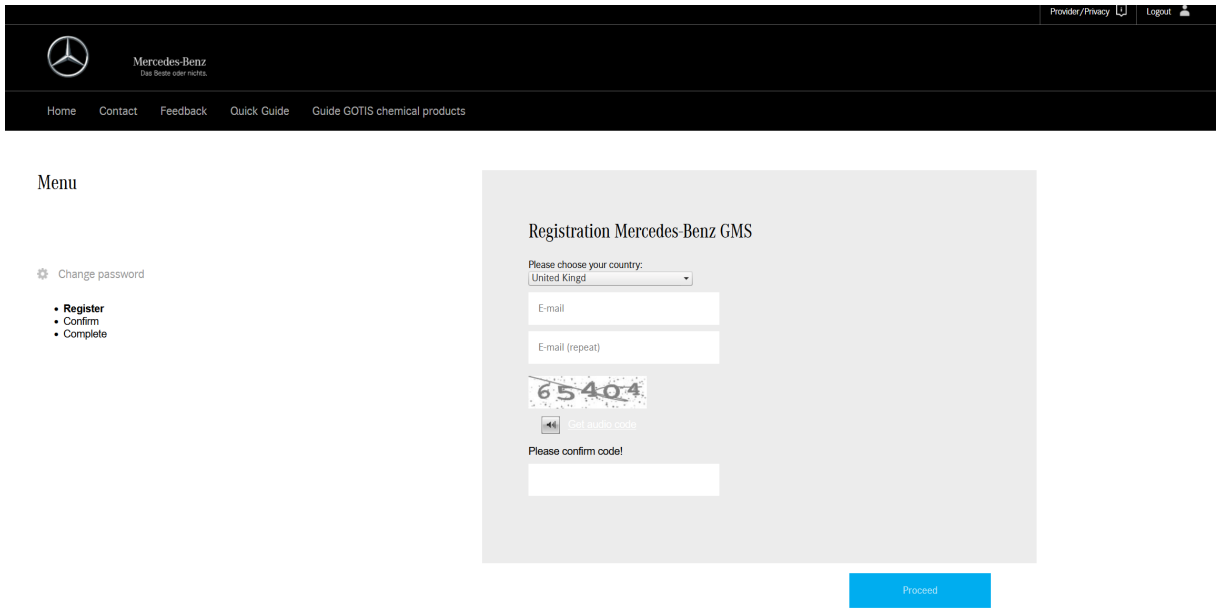

The Mercedes-Benz hazardous substances and dangerous goods management system (GMS) offers you a tool to accomplish the requirements on dangerous goods and substances in a legal and comfortable way.

In addition to the Material Safety Data Sheets, the Mercedes-Benz GMS publishes detailed information and provides applications.

## Login

If you are not already a registered user, please use the new account-Button and the registration form to do so.

The screenshot shows the Mercedes-Benz website header with the logo and navigation links: Home, Contact, Feedback, Quick Guide, and Guide GOTIS chemical products. The main content area is titled 'Menu' and includes a 'Change password' link and a list of steps: Register, Confirm, and Complete. The registration form, titled 'Registration Mercedes-Benz GMS', is displayed on the right. It includes a dropdown menu for 'Please choose your country:' with 'United Kingd' selected, two 'E-mail' input fields (one for 'E-mail' and one for 'E-mail (repeat)'), a CAPTCHA image showing the number '65404', a 'Get audio code' button, and a 'Please confirm code!' input field. A blue 'Proceed' button is located at the bottom right of the form.

After a successful activation, you are able to use the GMS worldwide.

## Home page

After using your username and password to login, you enter the front page of the Daimler GMS. There you access current information about the GMS.

Mercedes-Benz  
Das Beste über Nacht.

### Welcome to Mercedes-Benz hazard material and dangerous good management

At the Mercedes-Benz GMS you find only information about chemical products and replacement parts with "hazardous" and/or "dangerous goods" characteristics!

### News

 **Update safety data sheets Mercedes-Benz (7/11/2023)**  
Some safety data sheets have been updated and some have been added.

 **Update safety data sheets Mercedes-Benz (7/5/2023)**  
Some safety data sheets have been updated and some have been added.

 **Update safety data sheets Mercedes-Benz (6/15/2023)**  
Some safety data sheets have been updated and some have been added.

The menu item "Product Search" takes you to the central element of the GMS. Now you are able to get information, material safety data sheets, operational instructions, packaging instructions and information on dangerous goods about all chemical spare parts of your concern. Some of these documents are also available for the foreign market.

## Product search

The screenshot shows a product search results page with several callouts:

- Language selection of the document:** Points to the 'SDS Language' dropdown menu.
- Show products out of assortment:** Points to the 'show also Products which are out of assortment!' checkbox.
- Change the sorting order of the part numbers:** Points to the 'PART NO.' column header.
- Brand selection:** Points to the 'BRAND' dropdown menu.
- Filter of tradename and part number:** Points to the search filters.
- Set selection:** Points to the 'SET' column header.
- out of assortment:** Points to a red minus sign icon in the 'ASSORT' column.
- Shipping handling:** Points to a diamond icon in the 'HMOI' column.
- Operating Instructions:** Points to a document icon in the 'EXPL' column.
- Safety data sheet:** Points to a document icon in the 'SDS' column.
- Professional use only:** Points to a wrench icon in the 'SDS' column.

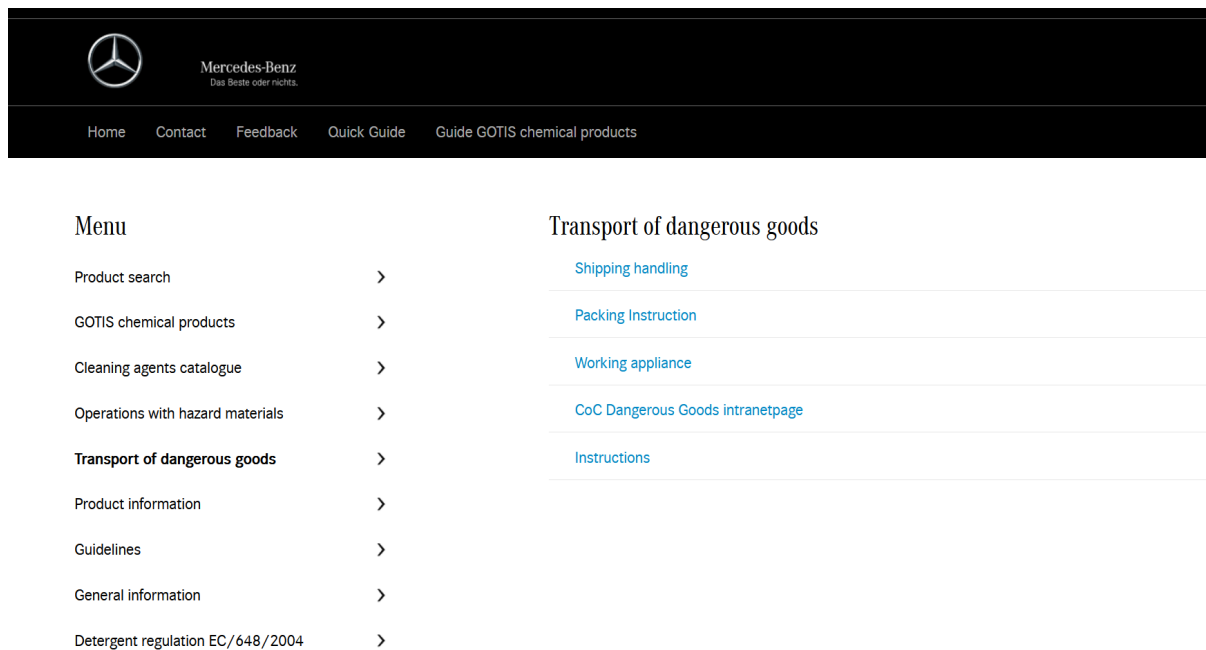

## The symbols and their meaning

The symbols next to each spare part are connected with a link to the documents. The depicted symbols have got the following meaning:

Symbol	Meaning	Explanation
	Material Safety Data Sheet	Multilingual Material Safety Data Sheets or product data sheets
	Material Safety Data Sheet	MSDS according to DPD directive 1999/45/EG
	Material Safety Data Sheet/ Operational instructions	MSDS according to GHS directive (EU) 1272/2008 / Adjustable operational instructions
	Packaging instructions	Shows multilingual packaging instructions (reverse logistics GLC)
	Dangerous goods shipping	Direct link to create transport documents (road transport) and a transport document
	No longer available in the range of products	Products which are no longer produced, but remainders can still circulate
	Only for professional users	These products are not intended for private persons.
M	Meldepflichtiger Stoff/ Restricted explosives	s. Info sheet on Regulation (EU) 2019-1148 on explosives precursors
B	Beschränkter Stoff/ Reportable explosives	s. Info sheet on Regulation (EU) 2019-1148 on explosives precursors

## Transport of dangerous goods

The Mercedes-Benz GMS gives you access to a complete transport of dangerous goods handling for road transport according to the international legislation (ADR). Please use the menu item “Transport of dangerous goods”.

The screenshot shows the Mercedes-Benz GMS website interface. At the top, there is a black navigation bar with the Mercedes-Benz logo and the slogan "Mercedes-Benz Das Beste oder Nichts." Below the logo, there are links for Home, Contact, Feedback, Quick Guide, and Guide GOTIS chemical products. The main content area is divided into two columns. The left column is titled "Menu" and lists various categories with right-pointing chevrons: Product search, GOTIS chemical products, Cleaning agents catalogue, Operations with hazard materials, Transport of dangerous goods, Product information, Guidelines, General information, and Detergent regulation EC/648/2004. The right column is titled "Transport of dangerous goods" and lists five links: Shipping handling, Packing Instruction, Working appliance, CoC Dangerous Goods intranetpage, and Instructions.

A list of further information links you to the following tools and documents.

### Further Links

Link	Explanation
Shipping handling	To create transport documents for the dispatch of spare parts as well as waste.
Packaging instruction	Direct access to specified packaging instructions e.g. tanks, Lithium Ion Batteries.
Working appliance	Checklists and Instructions of how to use them.
CoC—dangerous goods Homepage	Direct connection to dangerous goods safety advisers of Mercedes-Benz company and a lot more information about dangerous goods.
Instructions	Instructions how to work with dangerous goods in general and especially for airbags and seat-belt pretensioner

### Shipping handling

With the help of the dispatch handling transport documents for the dispatch of spare can be created.

### Menu

- [Transport of dangerous goods](#) >
- [Shipping handling](#) >
- [Shipping handling](#) >
- [Working appliance](#) >
- [Instructions](#) >
- [back](#) >

### Shipping handling/waste

- [Spare part](#)
- [Free choice \(the UN No. is known\)](#)
- [ADR 2023](#)

## Spare Part Search

You can specify your research by defining trademark/brand, part number and/ or trade name.

### Menu

- [Transport of dangerous goods](#) >
- [Shipping handling](#) >
- [Cargo list for the current order](#) >
- [Shipping handling](#) >
- [Working appliance](#) >
- [Instructions](#) >
- [back](#) >

### Search spare part

Brand

Part no.

Tradename

[Search](#)

Depending on your defined research criteria a list of results is presented. You can now choose the appropriate spare part to dispatch it.

Mercedes-Benz  
Das Beste oder Nichts.

[Change password](#)

### Transport of dangerous goods

Please select

PART NO.	TRUCKNAME	UNNO.	HAZ.
G0004934V002000000	Scheibenreiniger Winter 1000 ml	1170	ETHANOL SOLUTION
G0012970V002000000	Scheibenreiniger Winter 1 dl	1170	ETHANOL SOLUTION
G0022035V000000000	L 20 Scheibenreiniger Winter	1170	ETHANOL SOLUTION
A 002 986 14 71 09	WINTERFIT Windscreen washer concentrate / Scheibenwaschkonzentrat	1987	ALCOHOLS. N.O.S.
A 002 986 14 71 13	WINTERFIT Windscreen washer concentrate / Scheibenwaschkonzentrat	1987	ALCOHOLS. N.O.S.
A 002 986 14 71 15	WINTERFIT Windscreen washer concentrate / Scheibenwaschkonzentrat	1987	ALCOHOLS. N.O.S.

[New search](#)

In addition to the part no. you also get first information about the appropriate UN-number for the transport.

## Loading List

The following overview (loading list) shows all dangerous goods for transport.

Please enter the amount of packing units (packages) as well as the total gross weight of all packages of one position. After clicking “Refresh”, you see the score of each position as well as the sum of all points?

It helps you to identify if the transport is below or over 1000 points regarding the ADR-System.

Mercedes-Benz  
Das Beste oder nichts.

PACKAGE			
1			
NUMBER OF PU	TRADENAME	TOTAL GROSS WEIGHT/KG	POINTS
<input type="text" value="5"/>	Scheibenreiner Winter 1000 ml	<input type="text" value="20"/>	0 <span style="color: red;">-</span>
2			
NUMBER OF PU	TRADENAME	TOTAL GROSS WEIGHT/KG	POINTS
<input type="text" value="4"/>	WINTERFIT Windscreen washer concentrate / Scheibenwaschkonzentrat	<input type="text" value="1"/>	0 <span style="color: red;">-</span>
			Total: 0

Forward

**Information**  
 pu = packing unit  
 LQ = (Limited Quantities)  
 Total gross weight = gross weight of all packages for solids of one UNNo. or total volume for fluids of one UNNo..  
 When shipping of pyrotechnic articles specify the net explosive mass(NEM) in place of total gross weight . Maximum 300g/pu

[Change password](#)

## Selection requested Documents

By clicking the “Forward“-button you enter the document selection.

The following additional documents depending on different dispatch types can be added.

Document	Explanation
Info list	Short information e.g. labelling, packaging requirements and information about dispatched spares
Dangerous goods labels	The dangerous goods label to stick on the package.
Packaging instruction	Extra packaging instructions for special spares (lithium battery, gas tanks) are available.
Transport document	Transport document in accordance with ADR, including information about the number of points.
LQ-Information	If the transport only includes LQ-goods, the total gross amount of LQ-packagings needs to communicate to the driver.
Instruction in writing	Accident Data Sheet for drivers.

## Addresses

Required addresses can be entered into the system and are available for further orders. If one address is not required anymore, it can be deleted.

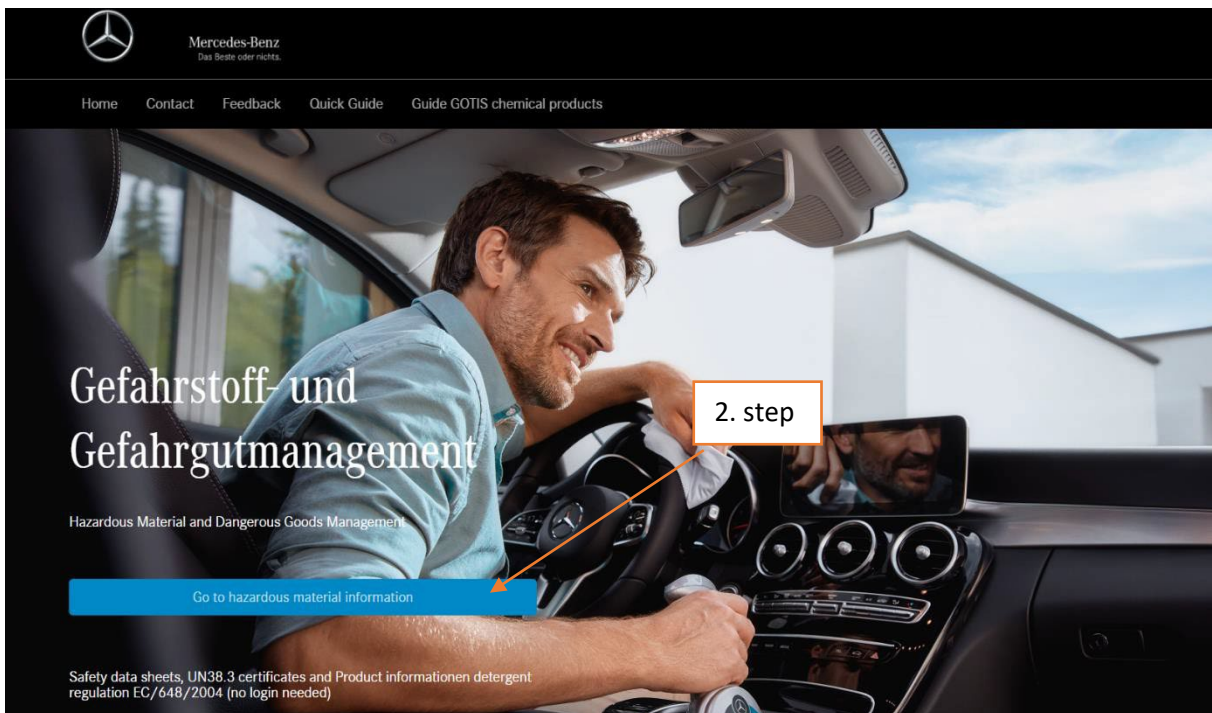

The screenshot shows a web interface with a black header containing the Mercedes-Benz logo and navigation links: Home, Contact, Feedback, Quick Guide, and Guide GOTIS chemical products. On the left, a 'Menu' section lists: Transport of dangerous goods, Shipping handling, Cargo list for the current order, Shipping handling, Working appliance, Instructions, and back. Below the menu is a 'Change password' link. The main content area is titled 'Addresses for transport document...' and contains three sections: 'Sender' with a dropdown menu and a text input field containing 'Mercedes-Benz Kassel Sendehäuserstr. 110 D 34123 Kassel'; 'Consignee' with a dropdown menu and a text input field containing 'Mercedes-Benz LC Nürnberg Mainstr. 55 D 90789 Furth'; and 'Carrier' with a dropdown menu set to '- Please select -' and an empty text input field. A blue 'Forward' button is located at the bottom center.

After entering the address and using the „Forward“-button, you obtain all selected documents (follow next page).

## How to find the diisocyanate products on GMS-homepage?

1. Go to the <https://gms.aftersales.mercedes-benz.com/>
2. Select “go to the hazardous material information”
3. Select “Product search”
4. Select the DIISO. by just one click on “DIISO”
5. After appearing the triangle on the bottom part of DIISO, click on it to see the products containing Diisocyanates above 0.1% w/w
6. Products containing Diisocyanates above 0.1% w/w are identified with “✓”. Click “✓” for more information about the EU restrictions concerning Diisocyanates and the related compliance measures implemented by Mercedes Benz AG.
